Workflow Ampliseq mitochondrie longread methylome

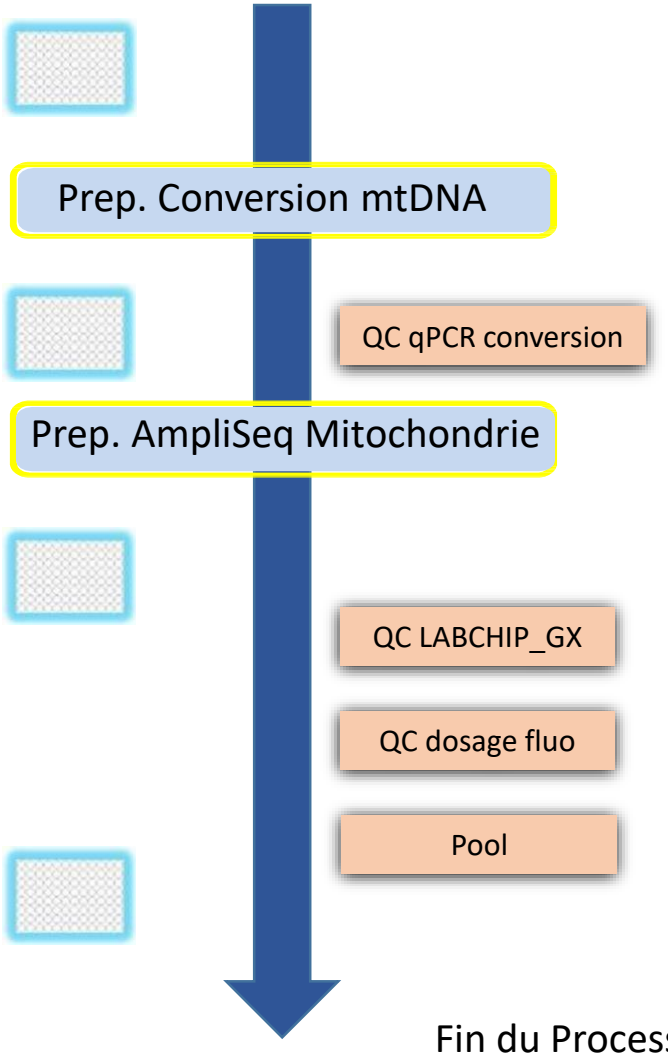

Processus :

Prep. Lib. Pour séquençage Illumina > AmpliSeq Mitochondrie longread Methylome

Propriété processus : Type processus banque = AC- AmpliSeq Mitochondrie Methylome

Type échantillon : Amplicon

SUPSQCNG-1565

Instrument : Bravo WorkStation

Protocoles : AmpliSeq Methylome Mitochondrie

Plaques index :
IDT for mtDNA set A Methylation
IDT for mtDNA set B Methylation
IDT for mtDNA set C Methylation
IDT for mtDNA set D Methylation
